Hospice & Palliative Care of Western Colorado

*Improving the lives of people
coping with serious illness and
grief in Mesa, Montrose
and Delta Counties since 1993.*

Did You Know

Over 1200 patients and their families received Hospice care last year.

People can call Hospice directly for an informational visit if they think we can help.
(970-241-2212)

The earlier the patient is enrolled in hospice, the better it is for the patient, the family and the hospice organization.

Medicare and Medicaid completely cover hospice care, as do many insurance companies. No one is turned away for inability to pay.

Over 750 volunteers enable Hospice to meet its mission.

Over 500 children receive grief support each year through the Child/Teen Grief Program.

Mending Hearts grief education & support group meets twice weekly, 52 weeks a year and is open to all persons who have lost a loved one.

Individual grief counseling is available at the Miller Homestead.

That philanthropy supports: the Child/Teen Grief Program, the Adult Bereavement Program, the Palliative Care Program, and assures no one is turned away.

*It's about courage, caring,
hope & healing*
